SHOPFLOOR FILMS PRESENTS

NEW EARTH

A ROS GIHAN WILLIAMS FILM

After devastating loss, grieving mother Lana goes undercover at Newearth, a secretive medical research facility, in a desperate bid to find her abducted daughter. But her hidden vendetta uncovers a terrifying truth – and unleashes deadly consequences.

What should be a joyful reunion turns chillingly cold.

Newearth is a taut, emotional sci-fi thriller about guilt, love and a mother who refuses to give up.

The Ask: Shot Oct 2025. We need £10,000 to complete post and fund a festival run.
